## Campus Switch

### Next Generation 400G Core Switch S10500X-G

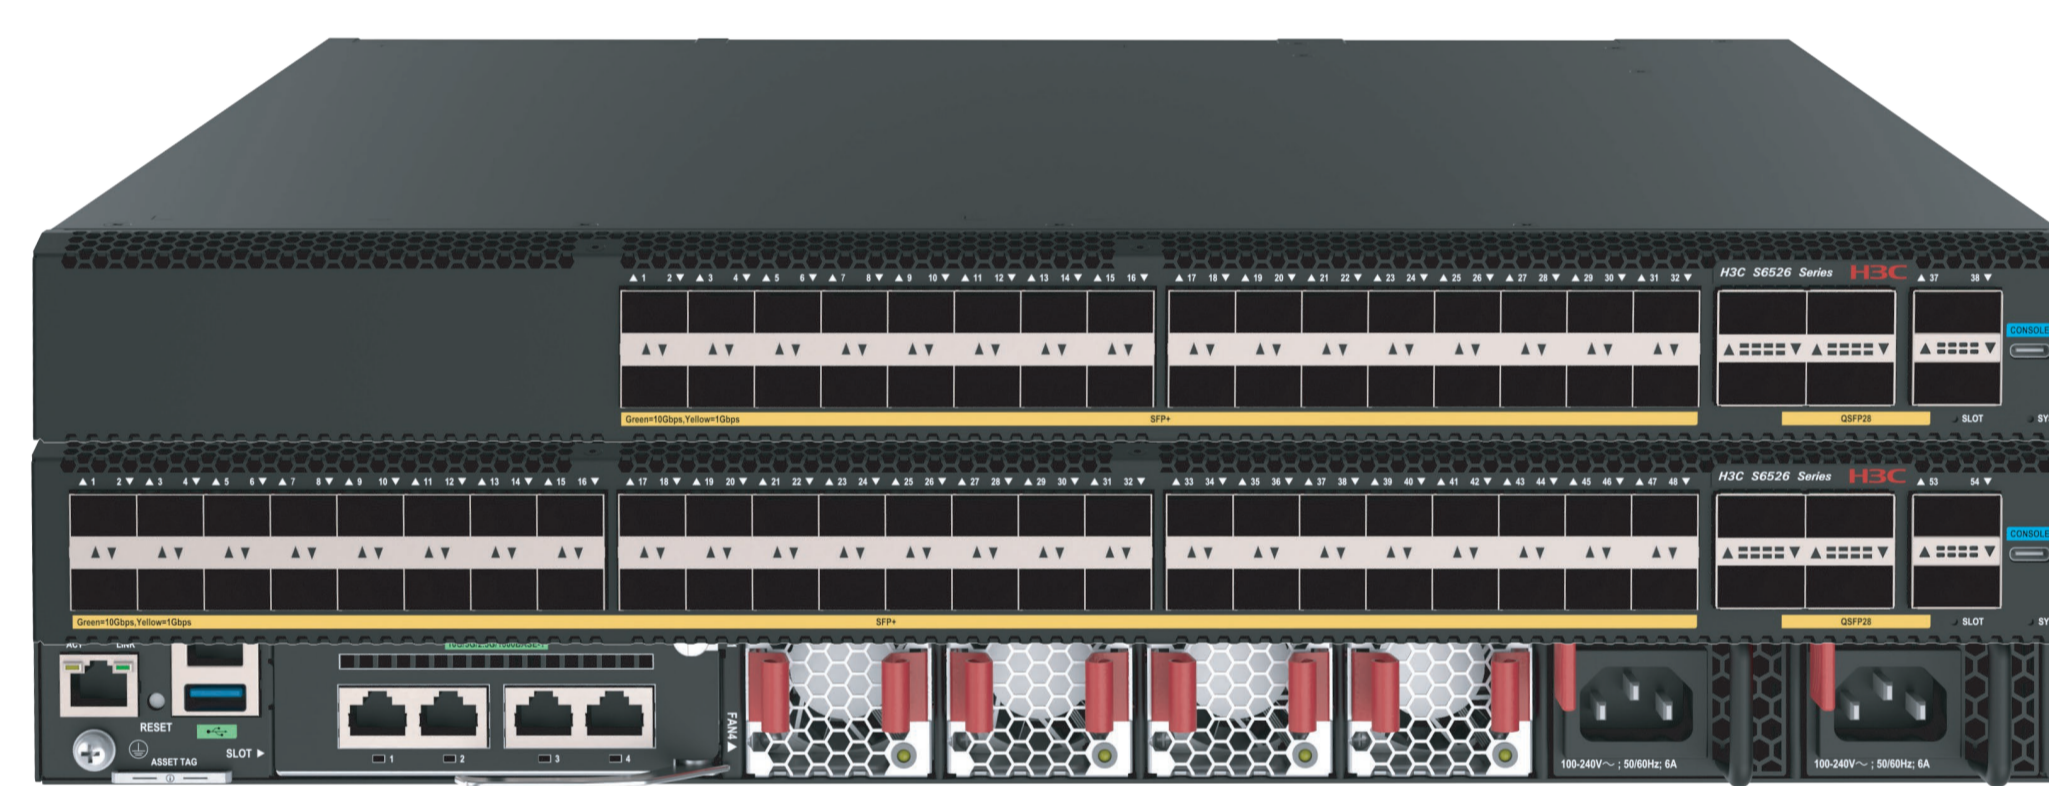

- Orthogonal CLOS+ Architecture
- 86.4Tbps System Bandwidth
- Integrated Security Engine (MACsec & TPM)
- 400G Ethernet Standards

### Campus Aggregation Switch

**S6526XE-EI Series**

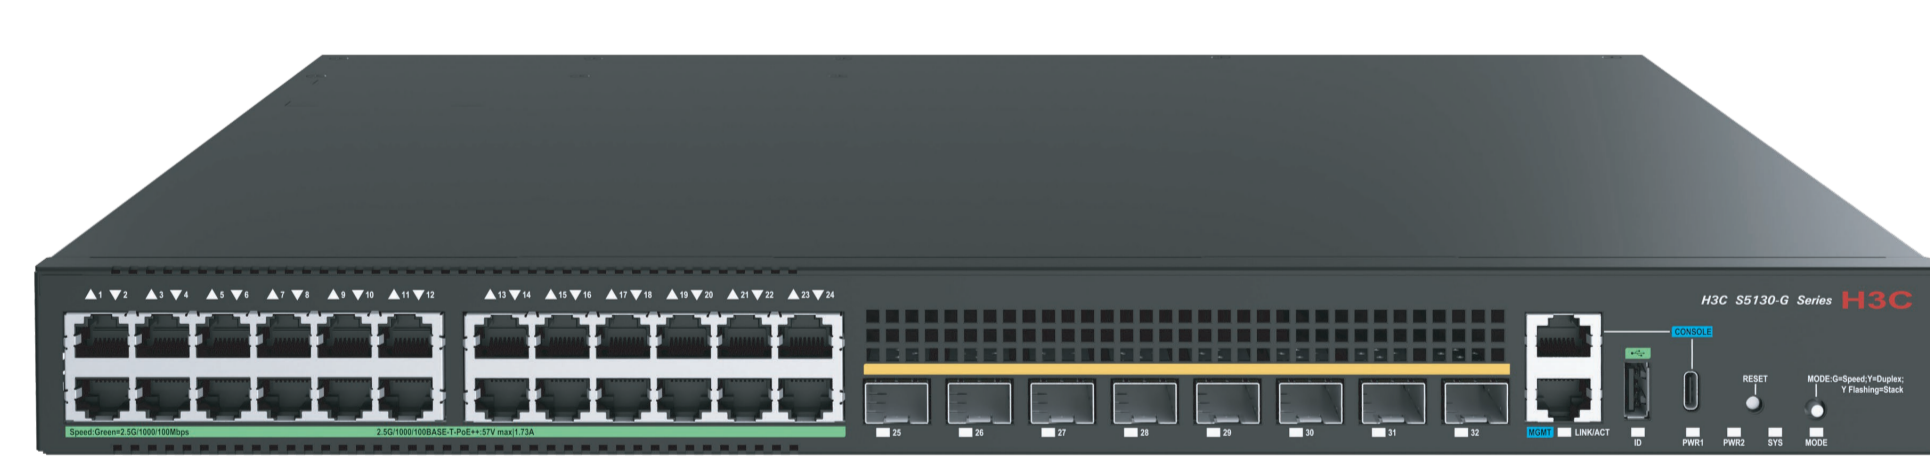

- High Density 10G, 4\*100G, 2\*Slots
- Easy-to-use Design
- VxLAN, Microsegmentation, ADCampus ready
- High Quality Service Assurance

**S6526XE-HI Series**

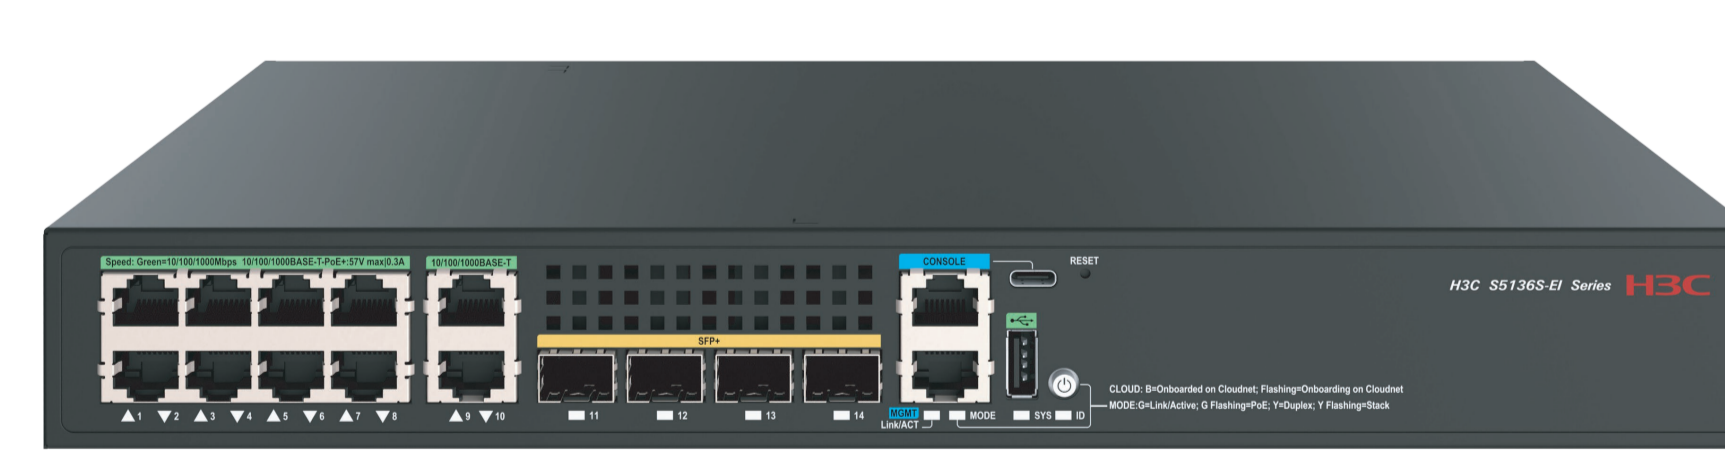

- High Density 10G, 6\*100G, 1\*Slot
- Easy-to-use Design
- VxLAN, Microsegmentation, ADCampus ready
- High Quality Service Assurance

### Campus Access Switch

**S5130S-EI-G-V2 Series**

- All Ports MACSec 256bit
- High Performance 2.5G PoE++
- High Efficiency Power Supply
- High Quality Service Assurance

**S5136S-EI Series**

- Large RAM and Flash
- Easy-to-use Design
- Compact Size
- Fanless Passive Colling, Quiet

**Releasing Possibilities of Your Network**
